

ACCA DipIFR

Online program for Southeast Europe

Certified specialists with ACCA DipIFR
will gain:

- Deep understanding and knowledge of main IFRS Principles
- IFRS reporting skills, including consolidation of financial statements
- Practical application of IFRS

Why ACCA Diploma in IFRS (DipIFR)?

International IFRS is a major issue for most companies and finance professionals. Over 90% of the world's leading economies either require IFRS or are converging with it, so few companies can afford to ignore the need for their staff to understand IFRS and its implications for their business and financial reporting.

Who is the DipIFR for?

This online program is intended for professionals working in accounting, audit and finance who want to take a qualification exam in International Financial Reporting and broaden their knowledge of the theoretical and practical aspects of IFRS.

What is ACCA Diploma in IFRS?

ACCA Diploma in IFRS is an international qualification in International Financial Reporting Standards, developed by the leading professional accounting organization - Association of Chartered Certified Accountants (ACCA). Obtaining this qualification will raise your professionalism in IFRS to the next level.

The Association of Chartered Certified Accountants (ACCA) is one of the largest and fastest growing international accountancy bodies. ACCA has been in existence for over 100 years. It is recognized and respected in more than 180 countries and currently has over 219,000 fully qualified members and 527,000 students worldwide.

Why study with PwC's Academy?

PwC has extensive experience in providing IFRS services and trainings. Our experts have experience in practical application of IFRS and are ACCA certified specialists. PwC provides materials designed by PwC experts with proven experience in important topics.

We provide you with regular support and attention of the trainer and close control over the learning process during the whole training period.
